- » HCSC on the similar lines of SCSC has ambitious plans of working with all the stake holders of the ecosystem and industry such as hospitality, corporates, small businesses, housing societies, educational institutions apart from the civil society to create awareness on the various identified areas of importance to them.
- » The Chairman of the council shall be the Commissioner of Police, Hyderabad Police Commissionerate. The convenor of the various forums will be the Jt. Commissioner of Police, Hyderabad Police Commissionerate.
- » The Office bearers and Executive committee members have all been drawn from various business establishments, Government departments like GHMC, Labour, Industries, Education and Health.

CHAIRMAN'S MESSAGE

The length and breadth of Hyderabad Police Commissionerate is vast and challenging in terms of maintaining peace and law and order. The involvement of community in decision making on various matters of local governance, community policing and collective welfare activities has been the need of hour. Hyderabad City Security Council (HCSC) incorporation marks the formation of the bridge between the police and the community. HCSC will act as nodal agency which helps to communicate the voice of the public to the police and support in effective policing. The same thought laid the foundation stone for the formation of Hyderabad City Security Council (HCSC).

I would like to express my happiness over the formation of the council with involvement of all the stake holders. This would help the community in raising the standard of living with enhanced awareness and communication.

I take this opportunity to thank the Secretary General for all the efforts in the formation of the council and officers who went that extra mile to make this happen. The formation was challenging yet rewarding. We look forward for your support to make a positive impact on the society.

Sri. Anjani Kumar, IPS

Commissioner of Police, Hyderabad City

The Background and Evolution of the Council»

Hyderabad Police Commissionerate is one of the oldest police Commissionerate's in the country with its roots dating back to the Nizams rule. The vast spread of it makes it more challenging for maintaining peace and harmony in the community. Innovative ideas with the involvement of the community are required to strike the fine balance to maintain the law and order in the jurisdiction. The Hyderabad area being highly heterogeneous in nature makes it more thought-provoking in this approach. An idea was conceptualized in similar lines of SCSC, which has evolved from time to time in a period of 15 years. Considering the following as the key parameters the council was formed.

- » A progressive concept based on Community oriented policing .
- » Modeled on Cyberabad security council, an unique initiative.
- » A True PPP (Public-Private- partnership) model.
- » Collaboration between Police and community.
- » Focused on safety and security in a comprehensive manner.
- » Create awareness, promote safety through different initiatives and programs.
- » Not for Profit and with citizens representation at all levels of management and Governance.
