CHAIRMAN'S MESSAGE

We humans have been evolving to be better off species on our planet since times immemorial. All that matters is the welfare of one and all, the modern state being welfare state, we strive to make Hyderabad a better place for public and business to flourish and progress. The same thought laid the foundation stone for the formation of Hyderabad City Security Council (HCSC).

The preceding year has been a year of unprecedented challenges, new problems and innovative learnings, we keep learning to evolve, grow and serve. When the evolving happens with a struggle it is bound to be stronger and long lasting. Yes, its rightly said at times the first step is the final frontier. Although, there was a roadmap laid for the birth of HCSC, it was not a cake walk, many obstacles were encountered during the process of emergence of the organization. All conquered and we emerged triumphant.

HCSC being a not-for-profit organization formed with the inclusive participation of the society in the Public Private Partnership (PPP) model intends to address the gap between the public and various organizations to solve the issues amicably. Various Heads of Department of Hyderabad City Police are bestowed with additional responsibility of Convenors, who are subject matter expert and will address the issues. They being versatile in handling the unique issues that pop up day in and day out will be part of the solution.

I take this opportunity to thank all the Office Bearers', EC members, officers who went that extra mile in the formation of the Council, volunteers who came forward to lend their support. The formation was challenging yet rewarding, we look forward for your support to make a positive impact on the society.

Sri. Anjani Kumar, IPS

Commissioner of Police, Hyderabad City
Chairman - Hyderabad City Security Council

SECRETARY GENERAL'S MESSAGE

The year 2020 being the formation year of Hyderabad City Security Council (HCSC) had many facets to prove the unity of mankind. The year will go down in the books of history for its unique challenges and learnings to one and all. The council was formed with the very aim of serving the people (for the people) and would be with their participation (by the people) and they would be the partners in the progress. HCSC aims to bring about a positive change by empowering people at grassroot level, engaging various strata of population at various levels.

In the year of formation, HCSC has initiated the STREE program as part of Women's forum. The Program STREE as the acronym says - She Triumphs through Respect, Equality and Empowerment was initiated with the years international women's day theme being "EachforEqual".

A program to address the traffic woes of the city at a very early stage was initiated. The program "WeCop" as part of the traffic forum intends to educate the children on traffic sense. It all starts from within and that it is home and family for children. The similar thought laid the foundation for this program. We expect to see the change by educating the next generation on traffic sense.

Acting by the need of the hour HCSC started the plasma donation campaign for facilitation the plasma donation to the needy. Personnel in uniform and people from all walks of life came forward and participated in the event. Organizing relief items for the flood affected people was also another area of intervention. Donation of masks, hand sanitizers, distribution of cooked food to the stranded labor during lockdown, liaising with potential donors to support the social cause was also undertaken during the year.

The launch of Cyber Surakshak for educating our school children on being safe over the internet was another area of utmost intervention. We had around 500 children from 30 different schools who participated in the launch day of the program. As part of the National road safety month various volunteering activities traffic and gender sensitization for auto and cab drivers has been conducted. Basic Life Support (BLS) course and traffic related orientation training for volunteers before they start as Traffic Farishtey Volunteers.

WOMEN'S FORUM

STREE : The name reflects the vision - She Triumphs through Respect, Equality and Empowerment, in short "STREE". The program intends to empower the women at grassroots level. The basic support system available for women in distress, the redressal mechanisms in place and the law of the land to empower, protect them are being spread through awareness sessions.

Women's empowerment is an important goal in achieving sustainable development worldwide. Although, much has been spoken about women empowerment we have a lot to achieve. Unreported cases of domestic violence, shows lack of awareness among women adds up to the reason for not speaking up. We need to empower these women to speak up for themselves and never be a victim of injustice.

Considering the current scenario, Hyderabad City Security Council and Hyderabad City Police came up with a program and launched it on the eve of the then International Women's Day with the theme "EachforEqual", a program for women's empowerment that will be sustainable and impactful.

Even during the pandemic, we have conducted trainings virtually to help our women volunteers on various issues of women in the society and ways to overcome them. In the coming weeks we would be giving a basic legal training to the volunteers to make them aware of the sections which are prevalent for violence against women.

The Pilot project of the program started off in June 2020 in Golconda PS area of Asif Nagar Division, West Zone. The primary motive was to create a platform for women from various walks of the community to come together, to facilitate women and police to work together on the issues like safety and security of Women and girls within their locality. Also, every woman should be made aware about their rights, entitlements and laws. This program was created to help woman identify the local issues that affect women's security and take action against all forms of violence and become leaders at grassroots level or the community level. Over a period of time, we have around 100 volunteers from Asif Nagar Division and training is being imparted to them both virtually and physically.

Some key elements of the program are:

- Capacity building programmes to groups.
- Awareness programmes at community level.
- Need based training to the volunteers, sharing of experiences. Turning one volunteer experience into another person's learning and a knowledge base for the future.
- Conduct of workshops for building their capacities so that Information and knowledge will reach to the entire community.
- Police are involved with the community at different levels resulting in joint action.
- Sensitised and people friendly police working together with the community.
- Improved approachability and an enabling environment is created for women to approach the PS for any support.
- Decrease in crime against women & girls through community participation and preventive action.
- Security and safe spaces ensured for women across the city of Hyderabad.

TRAFFIC FORUM ACTIVITIES

The idea of the program is to make young children between grade 4 and 9 as cops of the family and they would ask their parents, relatives, drivers and friends to follow traffic rules strictly. The Hyderabad City Security Council with the support of Hyderabad City Police & Hyderabad Traffic Police have launched the program on 14 Jul 2020. A video in this regard, in which a child acting as traffic cop and asking her parents to follow the rules was released by the Commissioner of Police Sri. Anjani Kumar IPS, Hyderabad City. The program has been developed on the line of our chairman who keeps saying – “All citizens are cops and all cops are citizens”. As a society we are all collectively responsible for coexisting. The program has been very successful so far. We have touched 35 schools covering 4500 students. While many of the children were aware of the traffic rules, all were excited about implementing them by becoming WeCoP of the family. The overwhelming response from children and school management makes us to do more of the good work. We strive to reach out to the whole of the city.

The key elements of the program are:

- Traffic safety rules
- The importance of following the rules
- Will encourage them to become the WeCoP of their families
- Instill in them a feeling of pride in taking up this role

AUTO AND CAB DRIVER SENSITIZATION

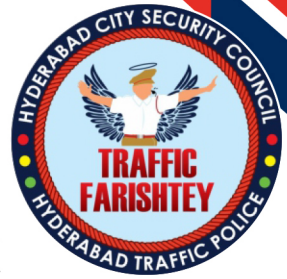

The program is a joint initiative of HCSC and Hyderabad Traffic Police to create awareness on traffic and gender sensitization among auto and cab drivers. The program aims to educate cab and auto drivers about friendly behaviour towards women passengers. Also, the program creates awareness about the consequences of any mischief, inappropriate behaviour with women passengers. The legal consequences and punishments as per the law of land are also briefed upon. SHE teams are also part of the program to communicate the fact that many women police officers are out there keeping vigil for wrongdoers.

Brief reasons for traffic violations, accidents and the consequences are also touched upon. The need to strictly abide by the traffic rules for the safety of self and for those on the road are covered in detail. The reaction of public and drivers in case of emergency, calling ambulance, rushing the victim to nearby hospital are explained to the participants. The program is conducted in the Traffic Training Institute bus at various traffic junctions of the city for better coverage and outreach.

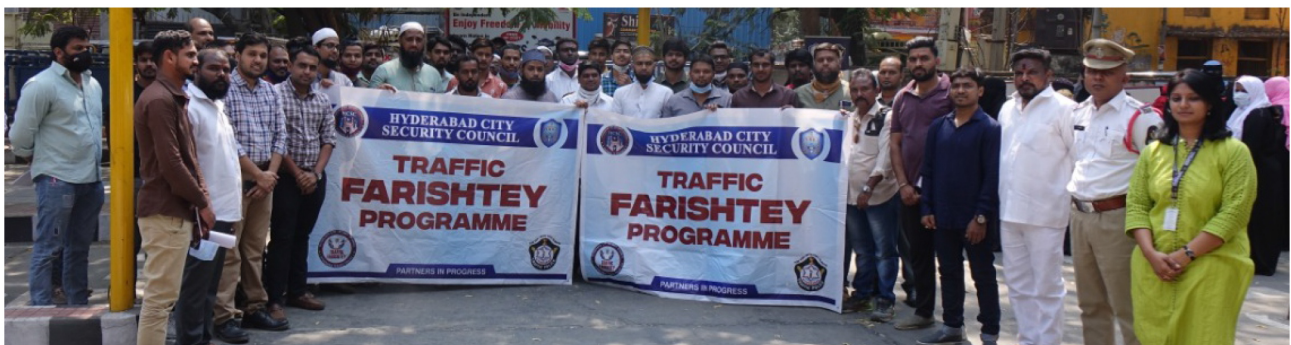

TRAFFIC FARISHTEY

As its rightly said there is nothing stronger than a volunteer's heart, the program Traffic Farishtey is about volunteers coming out to assist the traffic police in handling the traffic. The volunteers are trained upon Basic Life Support (BLS), Emergency first aid addressing and are trained upon basics of traffic handling. The volunteers are trained upon how to behave with public, be informative about traffic rules and consequences. The reporting mechanism in case of any emergency and reporting of violations. The program was launched on 27 Mar 2021 marking the culmination of the Road safety week. We have started this program with some ten volunteers and we are now close to 100 volunteers. The volunteers will be given the provision of selecting the junction and working in close liaison with the traffic police at the junction.

Virtual Run for road Safety : HCSC along with Hyderabad Traffic Police conducted a virtual run for spreading awareness on road and safety. The event was conducted virtually at 25 police stations participating in the event over live video streaming. There was equal amount of civilian participation also for the event which was kick started by the Hon. Home Minister for the state of Telangana, Shri. Mohammed Mahmood Ali.

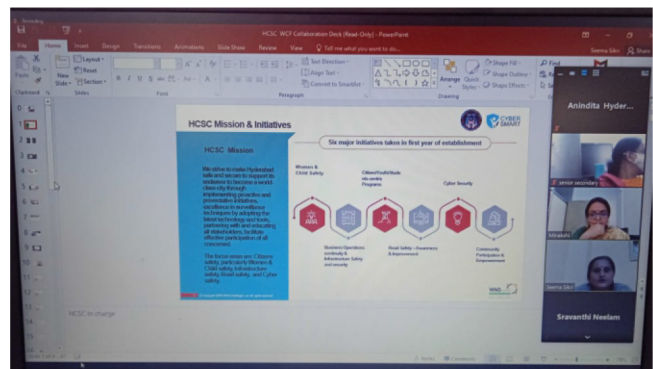

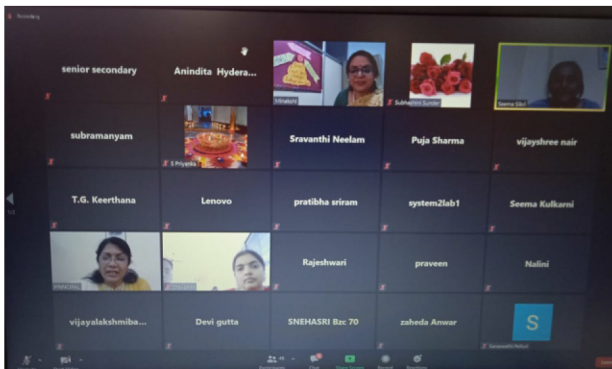

CYBER SECURITY FORUM ACTIVITIES

Cyber Surakshak

The program is a part of Cyber forum intended to promote awareness among children on cyber safety. The program aims at educating children up to grade 10 on various issues of internet, safety precautions to be observed while on the web. As we are aware of the fact that, internet and its usage has become the need of the hour for one and all. The most risk prone areas are the children, the future of this country, who needs to be educated and trained to defend from these vulnerabilities.

This program was launched in the neck of time when the pandemic had become the new normal and everyone started using the virtual portal for everything from studying to working. That is when Hyderabad City Security Council has come up with the idea of making students aware of the crimes happening in the cyber world. HCSC has partnered with WNS Cares Foundation (WCF) and launched the CyberSmart portal and around 15 schools attended the orientation of the WNS Care foundation. Currently the orientation with schools is in progress and reaching out to other schools in Hyderabad city to take up the gamified course to help students to be aware of being safe whilst using internet. We have completed the orientation of around 9 schools which have close to 6000 students who are taking up the course as on date.

COVID-19 RELIEF ACTIVITIES

Plasma Donation

The Hyderabad City Security Council (HCSC) in association with Hyderabad City Police was at the service of the people in facilitating plasma to needy through the Plasma donation campaign. The initiative of plasma donation was to encourage recovered Covid patients to donate blood plasma to the needy suffering from the virus. The main objective of the program is to create awareness among citizens from all walks of life about the need of the then hour "plasma donation". Setting example of self, the men uniform has taken the lead in the initiative. More than 150 men in uniform from Hyderabad city Commissionerate had already donated plasma to the needy.

With the very slogan of Hyderabad City Security Council (HCSC) – Partners in progress - for the people, by the people and of the people. It's all about giving back to the society. The website for the plasma donation campaign was launched by Shri. Mohd Mahmood Ali, Hon'ble Home Minister, while the video for the campaign was launched by Shri. Eatala Rajender, Hon'ble Health Minister, Telangana.

The link www.donateplasma.hcsc.in was opened to users for registration to donate and request plasma. An option for any person to work as volunteer or a NGO willing to register and work with HCSC in the campaign was also provided on the website of HCSC. Overall, around 350 people from all walks of life came forward and donated plasma.

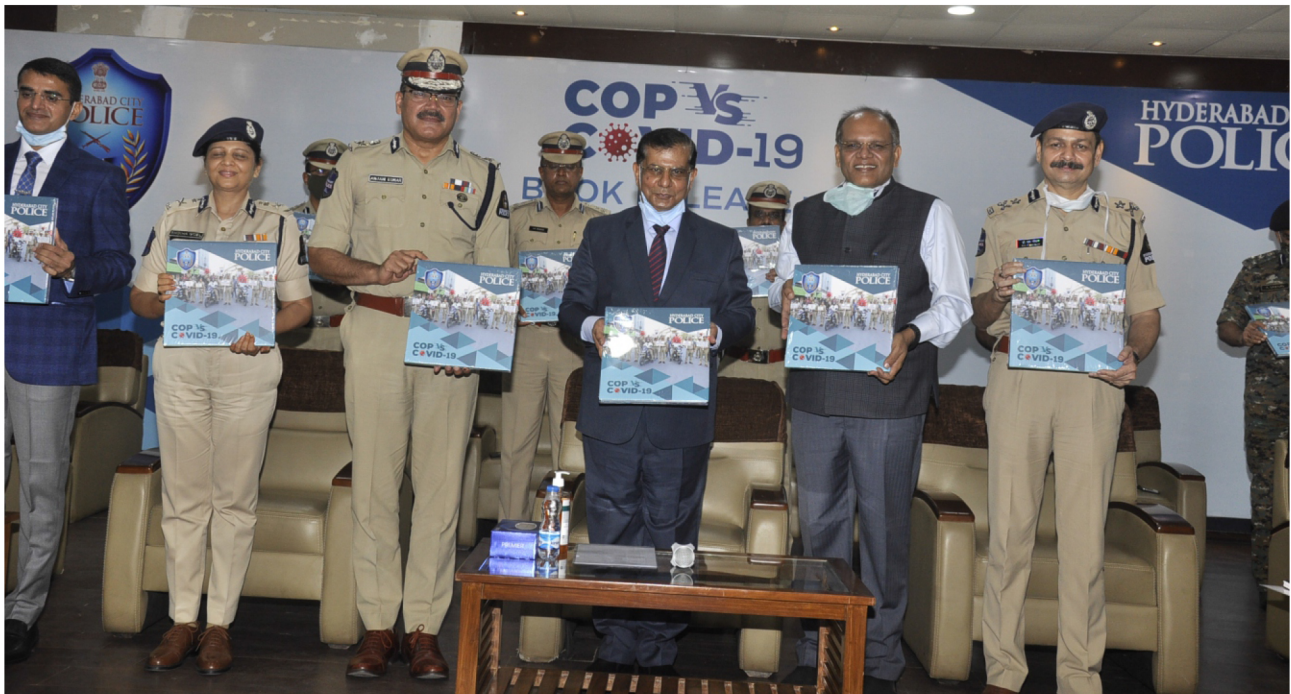

The Hyderabad City Security Council (HCSC) in association with Hyderabad City Police felicitated all the plasma donors. The program was highly successful and there were large number of requests from plasma recipients. More than 250 men in uniform from Hyderabad City Commissionerate had donated plasma to the needy. The citizens also had taken part in the great initiative and donated plasma. All civilians who had donated plasma were felicitated by Sri. Anjani Kumar IPS Commissioner of Police, Hyderabad City.

Cop Vs Covid Book

Books remain a source of knowledge for future generations to study and inspire. The current pandemic which was totally unprecedented has its own unique learnings for all of mankind. The book Cop Vs Covid coffee table book was written and documented by Shri. Anjani Kumar Commissioner of Police himself to serve as a reference document. The Chief of Justice of Telangana High Court Shri Raghvendra Singh Chauhan Jilaunched the book and Chief Secretary Shri. Somesh Kumar launched the documentary video of the fight put up by police, GHMC officials and workers the government.

Flood Relief Work

HCSC partnered with Access Foundation and facilitated the distribution of blankets and cookers to the flood affected people in old city area. A total of _____ blankets and _____ cookers were arranged for distribution.

Blood Donation Camp

HCSC in collaboration with Hyderabad City Police organized a blood donation camp for Thalassemia & Sickle Cell Society at City Armed Reserve Headquarters. A total of 180 units were donated to the needy thalassemia children. While the donors were largely from the police fraternity civilian volunteers also took part in the donation program.
